

Fachschaft meeting 2026

Date: 22.01.2026

22.01.2026, 17:00, Lehrgebäude Venusberg Campus

As the annual board meeting of the Neuroscience master program was approaching on 05.02.2026, the Fachschaft gathered on 22.02.2026. The primary objective was to create a comprehensive presentation about the Fachschaft goals, accomplishments, financial status and feedback on the program, to be presented at the upcoming board meeting.

Feedback about academic content, exams, program structure, administrative coordination and teaching standards was gathered beforehand from all students and then discussed by the Fachschaft. The final points were summarized to a presentation by the Fachschaft IT officer Yannis Foukarakis, and ultimately presented at the board meeting by Dato Gvalia, the communications officer of the Fachschaft.

Sincerely,

Luzie Peroutka

Co-Finance Officer of Fachschaft Neurosciences,
